RECOGNISED SENIOR SOCIAL RESPONSIBILITY PROFESSIONAL

- **42+ years' rich experience in delivering optimal results & giving high-value to the society in the areas of Social Responsibility and Humanitarian Service.** Strong believer of the fact that **"the biggest gift one can give is Education and Knowledge"**
- **In 2014, appointed as the 'Global Ambassador' of registered charity 'World Cancer Care'**, after being recognized for his efforts and devotion to Eradicate Cancer. Mr Dhaliwal does not accept any remuneration for this appointment.
- Mr Dhaliwal took early retirement from business at the age of 47 years and **decided to donate rest of his life for prevention, eradication and cure of Cancer.** Currently Mr Dhaliwal is spearheading his efforts full-time to work for fight against cancer.

PROFILE

- Highly accomplished and dynamic individual with extensive experience in development research and social responsibility, specifically focused on cancer awareness and prevention. Demonstrates exceptional skill in managing and coordinating cancer-related programs.
- Proven ability to design and implement policies ensuring effective execution of cancer-related projects, including village development and patient support. Skilled in collaborating with government, private institutions, and NGOs at senior levels to achieve project goals.
- Expert in managing development programs aimed at cancer eradication, improving patient care, and addressing related social issues such as female feticide and lack of education resources. Recognized for successfully leading projects and initiatives with NGOs in the cancer care sector.
- Established benchmarks in managing health and fitness awareness activities with a particular focus on cancer. Passionate about engaging with cancer patients, sharing their stories, and advocating for their needs.
- **Under Mr. Kulwant Singh Dhaliwal's leadership, World Cancer Care has gained significant public attention through effective PR, public speaking, and media outreach. His efforts have consistently attracted over 500 participants to each cancer screening camp, ensuring their success.**
- Actively involved in public speaking engagements across the country, addressing cancer awareness, and inspiring individuals to contribute to cancer-related charitable causes. Promotes understanding of cancer issues and encourages dedication to the greater good of humanity.
- Expert in building networks with community organizations, NGOs, and government agencies focused on cancer care. Thrives in high-pressure environments, adept at multitasking, and consistently meets deadlines.
- Results-driven with a strong commitment to cancer-related work. Demonstrates impeccable work habits, leadership, and time management skills. Supports numerous cancer-focused charities worldwide.

WORLD CANCER CARE

Global Ambassador

- Started walking for many charities in 2002 and continues walk 200 miles per month till now for raising fund for Cancer research. As a young man, decided to dedicate his life to the 'selfless service of humanity'.
- Accomplish responsibility for structuring proposal for proactive, responsive, transformative plans for direct implementation and studying all the proposals sent by NGOs for implementation of the projects within the community.
- Proficiently manage leverages of resources and different Government schemes for community development.
- Since appointment, has organised numerous camps across India reaching the smallest and the most remote villages to increase awareness and early detection of cancer when it is curable.
- The camps now even cater to Breast, Cervix, Prostate, Oral cancer along with Blood Cancer and other forms of cancer that lead to over 85% deaths in the state of Punjab, India.
- Oversee preparation and presentation of Policy on Resettlement and Rehabilitation (R&R) to stakeholders and Annual Social Responsibility plans.
- Effectively liaised with community stakeholders, identifying key partners, stakeholders, NGOs and service providers.
- Spreads western knowledge in India by using cancer educational and information material of world's renowned and highly effective British Health System – NHS, by translating them into different languages and distributing leaflets across India.
- His biggest fear and mission is to save the next generation from the threat of cancer by investing in education and treatment instead of temples and places of worship.
- Systematically document various development activities. Guide & motivate the people in improving their confidence in Cancer eradication service. Build & nurture relations with the villagers and solve the local issues with the community.

Over 12 Years

Key Achievement

- Initiated various programs based on themes for effective functioning of programs viz marathon's.
- Commended for successfully managing aid operations along with integrated, health program & rehabilitation programs in the rural and tribal areas of India in various states.
- Instead of taking donations, inspires individuals to sponsor camps directly by requesting them to deliver World Cancer Care camps to their respective villages.
- Organized Charitable Walks every few months, on the same pattern like the recent British 10K London Run on 14 July 2013 which brought his charitable work in the mainstream media limelight.
- Designed and spearheaded implementation of Administrative Grievance System, Performance Appraisal System and Awards Programs and published all appropriate guidelines
